6 (d) payments for which the non-federal share does not reflect any
7 state funding; and

8 (e) at the discretion of the commissioner of health and the director
9 of the budget, payments with regard to which it is determined that
10 application of increases pursuant to this section would result, by oper-

12 applicable to such payments.

13 § 2. This act shall take effect immediately and shall be deemed to
14 have been in full force and effect on and after April 1, 2022.

15

34 declaration.

35 § 2. This act shall take effect immediately and shall be deemed to
36 have been in full force and effect on and after April 1, 2022.

37

41 1. A statewide health care facility transformation program is hereby
42 established within the department for the purpose of transforming, rede-

26 the chair of the senate finance committee, the chair of the assembly
27 ways and means committee, and the director of the division of the budget
28 no later than thirty days after such agreement is finalized. Projects
29 awarded, in whole or part, under sections twenty-eight hundred twenty-

31 be eligible for grants or awards made available under this section.

32 3. Notwithstanding subdivision two of this section or any inconsistent
33 provision of law to the contrary, and upon approval of the director of
34 the budget, the commissioner may, subject to the availability of lawful
35 appropriation, award up to four hundred fifty million dollars of the

17 department shall be considered to have regional significance if it: (a)
18 serves as Level 1 trauma center with the highest volume in its region;
19 (b) includes the capacity to segregate patients with communicable
20 diseases, trauma or severe behavioral health issues from other patients
21 in the emergency department; (c) provides training in emergency care and
22 trauma care to residents from multiple hospitals in the region; and (d)
23 serves a high proportion of Medicaid patients.

24 5. (a) Notwithstanding sections one hundred twelve and one hundred
25 sixty-three of the state finance law, sections one hundred forty-two and
26 one hundred forty-three of the economic development law, or any incon-

30 grants to health care providers, as defined in subdivision two of this
31 section.

32 (b) Awards made pursuant to this subdivision shall provide funding
33 only for capital projects, to the extent lawful appropriation and fund-

40 section shall be defined as diagnostic and treatment centers licensed or
41 granted an operating certificate pursuant to this chapter; independent
42 practice associations or organizations; home care providers certified or
43 licensed pursuant to article thirty-six of this chapter; and hospices
44 licensed or granted an operating certificate pursuant to article forty

47 to a mental health clinic licensed or granted an operating certificate
48 under article thirty-one of the mental hygiene law; alcohol and
49 substance use disorder treatment clinics licensed or granted an operat-

55 cle forty-one of the mental hygiene law; and

1 (iii) twenty-five million dollars of total awarded funds shall be made
2 to residential health care facilities or adult care facilities licensed
3 under title two of article seven of the social services law.

6 hundred forty-three of the economic development law, or any inconsistent
7 provision of law to the contrary, up to one hundred fifty million
8 dollars of the funds appropriated for this program shall be awarded,
9 without a competitive bid or request for proposal process, for techno-
10 logical and telehealth transformation projects.

11 7. Notwithstanding sections one hundred twelve and one hundred sixty-
12 three of the state finance law, sections one hundred forty-two and one
13 hundred forty-three of the economic development law, or any inconsistent
14 provision of law to the contrary, up to fifty million dollars of the
15 funds appropriated for this program shall be awarded, without a compet-
16 itive bid or a request for proposal process, to residential and communi-
17 ty-based alternatives to the traditional model of nursing home care.

18 8. Selection of awards made by the department pursuant to subdivisions
19 three, four, five, six and seven of this section shall be contingent on
20 an evaluation process acceptable to the commissioner and approved by the
21 director of the division of the budget. Disbursement of awards may be
22 contingent on the health care provider as defined in subdivision two of
23 this section achieving certain process and performance metrics and
24 milestones that are structured to ensure that the goals of the project
25 are achieved.

26 9. The department shall provide a report on a quarterly basis to the
27 chairs of the senate finance, assembly ways and means, and senate and
28 assembly health committees, until such time as the department determines
29 that the projects that receive funding pursuant to this section are
30 substantially complete. Such reports shall be submitted no later than
31 sixty days after the close of the quarter, and shall include, for each
32 award, the name of the health care provider as defined in subdivision
33 two of this section, a description of the project or purpose, the amount
34 of the award, disbursement date, and status of achievement of process
35 and performance metrics and milestones pursuant to subdivision six of
36 this section.

37 § 2. This act shall take effect immediately and shall be deemed to
38 have been in full force and effect on and after April 1, 2022.

41 PART M

42 Section 1. Paragraph (a) of subdivision 2 of section 2828 of the
43 public health law, as added by section 1 of part GG of chapter 57 of the
44 laws of 2021, is amended to read as follows:

45 (a) "Revenue" shall mean the total operating revenue from or on behalf
46 of residents of the residential health care facility, government payers,
47 or third-party payers, to pay for a resident's occupancy of the residen-
48 tial health care facility, resident care, and the operation of the resi-
49 dential health care facility as reported in the residential health care
50 facility cost reports submitted to the department; provided, however,
51 that revenue shall exclude:

1 (i) the average increase in the capital portion of the Medicaid
2 reimbursement rate from the prior three years;

3 (ii) funding received as reimbursement for the assessment under
4 subparagraph (vi) of paragraph (b) of subdivision two of section twen-
5 ty-eight hundred seven-d of this article, as reconciled pursuant to
6 paragraph (c) of subdivision ten of section twenty-eight hundred seven-d
7 of this article;

8 (iii) the capital per diem portion of the reimbursement rate for nurs-
9 ing homes that have an overall four- or five-star rating assigned pursu-
10 ant to the inspection rating system of the U.S. Centers for Medicare and
11 Medicaid Services (CMS rating), provided however that such exclusion
12 shall not apply to any amount of the capital per diem portion of the
13 reimbursement rate that is attributable to a capital expenditure made to
14 a corporation, other entity, or individual, with a common or familial
15 ownership to the operator or the facility as reported under subdivision
16 one of section twenty-eight hundred three-x of this chapter; and

17 (iv) any grant funds from the federal government for reimbursement of
18 COVID-19 pandemic-related expenses, including but not limited to funds

21 § 2. Paragraph (d) of subdivision 2-c of section 2808 of the public
22 health law, as amended by section 26-a of part C of chapter 60 of the
23 laws of 2014, is amended to read as follows:

24 (d) The commissioner shall promulgate regulations, and may promulgate
25 emergency regulations, to implement the provisions of this subdivision.
26 Such regulations shall be developed in consultation with the nursing
27 home industry and advocates for residential health care facility resi-
28 dents and, further, the commissioner shall provide notification concern-
29 ing such regulations to the chairs of the senate and assembly health
30 committees, the chair of the senate finance committee and the chair of
31 the assembly ways and means committee. Such regulations shall include
32 provisions for rate adjustments or payment enhancements to facilitate a
33 minimum four-year transition of facilities to the rate-setting methodol-
34 ogy established by this subdivision and may also include, but not be
35 limited to, provisions for facilitating quality improvements in residen-
36 tial health care facilities. For purposes of facilitating quality
37 improvements through the establishment of a nursing home quality pool to
38 be funded at the discretion of the commissioner by (i) adjustments in
39 medical assistance rates, (ii) funds made available through state appro-
40 priations, or (iii) a combination thereof, those facilities that
41 contribute to the quality pool, but are deemed ineligible for quality
42 pool payments due exclusively to a specific case of employee misconduct,
43 shall nevertheless be eligible for a quality pool payment if the facili-
44 ty properly reported the incident, did not receive a survey citation
45 from the commissioner or the Centers for Medicare and Medicaid Services
46 establishing the facility's culpability with regard to such misconduct
47 and, but for the specific case of employee misconduct, the facility
48 would have otherwise received a quality pool payment. Regulations
49 pertaining to the facilitation of quality improvement may be made effec-
50 tive for periods on and after January first, two thousand thirteen.

51 § 3. The opening paragraph and paragraph (i) of subdivision (g) of
52 section 2826 of the public health law, as added by section 6 of part J
53 of chapter 60 of the laws of 2015, are amended to read as follows:

54 Notwithstanding subdivision (a) of this section, and within amounts
55 appropriated for such purposes as described herein, for the period of
56 April first, two thousand [fifteen] twenty-two through March thirty-

1 first, two thousand [sixteen] twenty-three, the commissioner may award a
2 temporary adjustment to the non-capital components of rates, or make
3 temporary lump-sum Medicaid payments to eligible [general hospitals]
4 facilities in severe financial distress to enable such facilities to
5 maintain operations and vital services while such facilities establish
6 long term solutions to achieve sustainable health services. Provided,
7 however, the commissioner is authorized to make such a temporary adjust-
8 ment or make such temporary lump sum payment only pursuant to criteria,
9 an evaluation process, and transformation plan acceptable to the commis-
10 sioner in consultation with the director of the division of the budget.
11 The department shall publish on its website the criteria, evaluation
12 process and guidance for transformation plans and notification of any
13 award recipients.

14 (i) Eligible [general hospitals] facilities shall include:
15 (A) a public hospital, which for purposes of this subdivision, shall
16 mean a general hospital operated by a county or municipality, but shall
17 exclude any such hospital operated by a public benefit corporation;
18 (B) a federally designated critical access hospital;
19 (C) a federally designated sole community hospital; [or]
20 (D) a residential health care facility;
21 (E) a general hospital that is a safety net hospital, which for
22 purpose of this subdivision shall mean:

23 (1) such hospital has at least thirty percent of its inpatient
24 discharges made up of Medicaid eligible individuals, uninsured individ-
25 uals or Medicaid dually eligible individuals and with at least thirty-
26 five percent of its outpatient visits made up of Medicaid eligible indi-
27 viduals, uninsured individuals or Medicaid dually-eligible individuals;
28 or

29 (2) such hospital serves at least thirty percent of the residents of a
30 county or a multi-county area who are Medicaid eligible individuals,
31 uninsured individuals or Medicaid dually-eligible individuals; or

32 (F) an independent practice association or accountable care organiza-
33 tion authorized under applicable regulations that participate in managed
34 care provider network arrangements with any of the provider types in
35 subparagraphs (A) through (F) of this paragraph.

36 § 4. Paragraph (c) of subdivision 1 of section 2828 of the public
37 health law, as added by section 1 of part GG of chapter 57 of the laws
38 of 2021, is amended to read as follows:

39 (c) Such regulations shall further include at a minimum that any resi-
40 dential health care facility for which total operating revenue exceeds
41 total operating and non-operating expenses by more than five percent of
42 total operating and non-operating expenses or that fails to spend the
43 minimum amount necessary to comply with the minimum spending standards
44 for resident-facing staffing or direct resident care, calculated on an
45 annual basis, or for the year two thousand twenty-two, on a pro-rata
46 basis for only that portion of the year during which the failure of a
47 residential health care facility to spend a minimum of seventy percent
48 of revenue on direct resident care, and forty percent of revenue on
49 resident-facing staffing, may be held to be a violation of this chapter,
50 shall remit such excess revenue, or the difference between the minimum
51 spending requirement and the actual amount of spending on resident-fac-
52 ing staffing or direct care staffing, as the case may be, to the state,
53 with such excess revenue which shall be payable, in a manner to be
54 determined by such regulations, by November first in the year following
55 the year in which the expenses are incurred. The department shall
56 collect such payments by methods including, but not limited to, bringing

1 suit in a court of competent jurisdiction on its own behalf after giving
2 notice of such suit to the attorney general, deductions or offsets from
3 payments made pursuant to the Medicaid program, and shall deposit such
4 recouped funds into the nursing home quality pool, as set forth in para-
5 graph d of subdivision two-c of section two thousand eight hundred eight
6 of this article. Provided further that such payments of excess revenue
7 shall be in addition to and shall not affect a residential health care
8 facility's obligations to make any other payments required by state or
9 federal law into the nursing home quality pool, including but not limit-
10 ed to medicaid rate reductions required pursuant to paragraph g of
11 subdivision two-c of section two thousand eight hundred eight of this
12 article and department regulations promulgated pursuant thereto. The
13 commissioner or their designees shall have authority to audit the resi-
14 dential health care facilities' reports for compliance in accordance
15 with this section.

16 § 5. This act shall take effect immediately and shall be deemed to
17 have been in full force and effect on and after April 1, 2022.

PART O

21 Section 1. Subdivisions 2 and 3 of section 367-r of the social
22 services law, subdivision 2 as amended and subdivision 3 as added by
23 section 2 of part PP of chapter 56 of the laws of 2020, are amended to
24 read as follows:

25 2. Medically fragile children and medically fragile adults. (a) In
26 addition, the commissioner shall further increase rates for private duty
27 nursing services that are provided to medically fragile children to
28 ensure the availability of such services to such children. Furthermore,
29 no later than sixty days after the effective date of the chapter of the
30 laws of two thousand twenty-two that amended this subdivision, increased
31 rates shall be extended for private duty nursing services provided to
32 medically fragile adults. In establishing rates of payment under this
33 subdivision, the commissioner shall consider the cost neutrality of such
34 rates as related to the cost effectiveness of caring for medically frag-
35 ile children and medically fragile adults in a non-institutional setting
36 as compared to an institutional setting. Medically fragile children
37 shall, for the purposes of this subdivision, have the same meaning as in
38 subdivision three-a of section thirty-six hundred fourteen of the public
39 health law. For purposes of this subdivision, "medically fragile adult"
40 shall be defined as including but not limited to any individual who
41 previously qualified as a medically fragile child but no longer meets
42 the age requirement. Such increased rates for services rendered to such
43 children and adults may take into consideration the elements of cost,
44 geographical differentials in the elements of cost considered, economic
45 factors in the area in which the private duty nursing service is
46 provided, costs associated with the provision of private duty nursing
47 services to medically fragile children and medically fragile adults, and
48 the need for incentives to improve services and institute economies and
49 such increased rates shall be payable only to those private duty nurses
50 who can demonstrate, to the satisfaction of the department of health,
51 satisfactory training and experience to provide services to such chil-

1 dren and medically fragile adults. Such increased rates shall be deter-
2 mined based on application of the case mix adjustment factor for AIDS
3 home care program services rates as determined pursuant to applicable
4 regulations of the department of health. The commissioner may promulgate
5 regulations to implement the provisions of this subdivision.

6 (b) Private duty nursing services providers which have their rates
7 adjusted pursuant to paragraph (b) of subdivision one of this section
8 and paragraph (a) of this subdivision shall use such funds solely for
9 the purposes of recruitment and retention of private duty nurses or to
10 ensure the delivery of private duty nursing services to medically frag-
11 ile children and medically fragile adults and are prohibited from using
12 such funds for any other purpose. Funds provided under paragraph (b) of
13 subdivision one of this section and paragraph (a) of this subdivision
14 are not intended to supplant support provided by a local government.
15 Each such provider, with the exception of self-employed private duty
16 nurses, shall submit, at a time and in a manner to be determined by the
17 commissioner of health, a written certification attesting that such
18 funds will be used solely for the purpose of recruitment and retention
19 of private duty nurses or to ensure the delivery of private duty nursing
20 services to medically fragile children and medically fragile adults.
21 The commissioner of health is authorized to audit each such provider to
22 ensure compliance with the written certification required by this subdi-
23 vision and shall recoup all funds determined to have been used for
24 purposes other than recruitment and retention of private duty nurses or
25 the delivery of private duty nursing services to medically fragile chil-
26 dren and medically fragile adults. Such recoupment shall be in addition
27 to any other penalties provided by law.

28 (c) The commissioner of health shall, subject to the provisions of
29 paragraph (b) of this subdivision, and the provisions of subdivision
30 three of this section, and subject to the availability of federal finan-
31 cial participation, annually increase fees for the fee-for-service
32 reimbursement of private duty nursing services provided to medically
33 fragile children by fee-for-service private duty nursing services
34 providers who enroll and participate in the provider directory pursuant
35 to subdivision three of this section, over a period of three years,
36 commencing October first, two thousand twenty, by one-third annual
37 increments, until such fees for reimbursement equal the final benchmark
38 payment designed to ensure adequate access to the service. In developing
39 such benchmark the commissioner of health may utilize the average two
40 thousand eighteen Medicaid managed care payments for reimbursement of
41 such private duty nursing services. The commissioner may promulgate
42 regulations to implement the provisions of this paragraph.

43 (d) The commissioner of health shall, subject to the provisions of
44 paragraph (b) of this subdivision, and the provisions of subdivision
45 three of this section, and subject to the availability of federal finan-
46 cial participation, increase fees for the fee-for-service reimbursement
47 of private duty nursing services provided to medically fragile adults by
48 fee-for-service private duty nursing services providers who enroll and
49 participate in the provider directory pursuant to subdivision three of
50 this section, no later than sixty days after the effective date of the
51 chapter of the laws of two thousand twenty-two that amended this subdi-
52 vision, so such fees for reimbursement equal the benchmark payment
53 designed to ensure adequate access to the service. In developing such
54 benchmark the commissioner of health may utilize the average two thou-
55 sand twenty Medicaid managed care payments for reimbursement of such

1 private duty nursing services. The commissioner may promulgate regu-
2 lations to implement the provisions of this paragraph.

3 3. Provider directory for fee-for-service private duty nursing
4 services provided to medically fragile children and medically fragile
5 adults. The commissioner of health is authorized to establish a direc-
6 tory of qualified providers for the purpose of promoting the availabili-
7 ty and ensuring delivery of fee-for-service private duty nursing
8 services to medically fragile children [and individuals transitioning
9 out of such category of care] and medically fragile adults. Qualified
10 providers enrolling in the directory shall ensure the availability and
11 delivery of and shall provide such services to those individuals as are
12 in need of such services, and shall receive increased reimbursement for
13 such services pursuant to [paragraph] paragraphs (c) and (d) of subdivi-
14 sion two of this section. The directory shall offer enrollment to all
15 private duty nursing services providers to promote and ensure the
16 participation in the directory of all nursing services providers avail-
17 able to serve medically fragile children and medically fragile adults.

18 § 2. Subdivision 3-a of section 3614 of the public health law, as
19 amended by section 9 of part C of chapter 109 of the laws of 2006, is
20 amended to read as follows:

21 3-a. Medically fragile children and medically fragile adults. Rates
22 of payment for continuous nursing services for medically fragile chil-
23 dren and medically fragile adults provided by a certified home health
24 agency, a licensed home care services agency or a long term home health
25 care program shall be established to ensure the availability of such
26 services, whether provided by registered nurses or licensed practical
27 nurses who are employed by or under contract with such agencies or
28 programs, and shall be established at a rate that is at least equal to
29 rates of payment for such services rendered to patients eligible for
30 AIDS home care programs; provided, however, that a certified home health
31 agency, a licensed home care services agency or a long term home health
32 care program that receives such enhanced rates for continuous nursing
33 services for medically fragile children and medically fragile adults
34 shall use such enhanced rates to increase payments to registered nurses
35 and licensed practical nurses who provide such services. In the case of
36 services provided by certified home health agencies and long term home
37 health care programs through contracts with licensed home care services
38 agencies, rate increases received by such certified home health agencies
39 and long term home health care programs pursuant to this subdivision
40 shall be reflected in payments made to the registered nurses or licensed
41 practical nurses employed by such licensed home care services agencies
42 to render services to these children and medically fragile adults. In
43 establishing rates of payment under this subdivision, the commissioner
44 shall consider the cost neutrality of such rates as related to the cost
45 effectiveness of caring for medically fragile children and medically
46 fragile adults in a non-institutional setting as compared to an institu-
47 tional setting. For the purposes of this subdivision, a medically frag-
48 ile child shall mean a child who is at risk of hospitalization or insti-
49 tutionalization, including but not limited to children who are
50 technologically-dependent for life or health-sustaining functions,
51 require complex medication regimen or medical interventions to maintain
52 or to improve their health status or are in need of ongoing assessment
53 or intervention to prevent serious deterioration of their health status
54 or medical complications that place their life, health or development at
55 risk, but who are capable of being cared for at home if provided with
56 appropriate home care services, including but not limited to case

1 management services and continuous nursing services. The commissioner
2 shall promulgate regulations to implement provisions of this subdivision
3 and may also direct the providers specified in this subdivision to
4 provide such additional information and in such form as the commissioner
5 shall determine is reasonably necessary to implement the provisions of
6 this subdivision.

7 § 3. Section 21 of part MM of chapter 56 of the laws of 2020, direct-
8 ing the department of health to establish or procure the services of
9 an independent panel of clinical professionals and to develop and imple-
10 ment a uniform task-based assessment tool, is amended to read as
11 follows:

12 § 21. The department of health shall develop[, directly or through
13 procurement, and shall implement an evidenced based validated uniform
14 task-based assessment tool no later than April 1, 2021,] guidelines and
15 standards in consultation with subject matter experts for the use of
16 tasking tools to assist managed care plans and local departments of
17 social services to make appropriate and individualized determinations
18 for utilization of home care services in accordance with applicable
19 state and federal law and regulations, including the number of personal
20 care services and consumer directed personal assistance hours of care
21 each day[,] provided pursuant to the state's medical assistance program,
22 and how Medicaid recipients' needs for assistance with activities of
23 daily living can be met, such as through telehealth, provided that
24 services rendered via telehealth meet equivalent quality and safety
25 standards of services provided through non-electronic means, and other
26 available alternatives, including family and social supports. [Notwith-
27 standing the provisions of section 163 of the state finance law, or
28 sections 142 and 143 of the economic development law, or any contrary
29 provision of law, a contract may be entered without a competitive bid or
30 request for proposal process if such contract is for the purpose of
31 developing the evidence based validated uniform task-based assessment
32 tool described in this section, provided that:

33 (a) The department of health shall post on its website, for a period
34 of no less than 30 days:

35 (i) A description of the evidence based validated uniform task-based
36 assessment tool to be developed pursuant to the contract;

37 (ii) The criteria for contractor selection;

38 (iii) The period of time during which a prospective contractor may
39 seek to be selected by the department of health, which shall be no less
40 than 30 days after such information is first posted on the website; and

41 (iv) The manner by which a prospective contractor may submit a
42 proposal for selection, which may include submission by electronic
43 means;

44 (b) All reasonable and responsive submissions that are received from
45 prospective contractors in a timely fashion shall be reviewed by the
46 commissioner of health;

47 (c) The commissioner of health shall select such contractor that is
48 best suited to serve the purposes of this section and the needs of
49 recipients; and

50 (d) All decisions made and approaches taken pursuant to this section
51 shall be documented in a procurement record as defined in section one
52 hundred sixty-three of the state finance law.]

53 § 4. Severability clause. If any clause, sentence, paragraph, subdivi-
54 sion, section or part of this act shall be adjudged by any court of
55 competent jurisdiction to be invalid, such judgment shall not affect,
56 impair, or invalidate the remainder thereof, but shall be confined in

1 its operation to the clause, sentence, paragraph, subdivision, section
2 or part thereof directly involved in the controversy in which such judg-
3 ment shall have been rendered. It is hereby declared to be the intent of
4 the legislature that this act would have been enacted even if such
5 invalid provisions had not been included herein.

6 § 5. This act shall take effect immediately and shall be deemed to
7 have been in full force and effect on and after April 1, 2022.

8

PART P

9 Section 1. Notwithstanding sections 112 and 163 of the state finance
10 law, the department of health shall select an independent contractor to
11 generate a report that reviews and makes recommendations concerning the
12 status of services offered by managed care organizations contracting
13 with the state to manage services provided under the Medicaid program.
14 Such report shall be provided to the governor, the temporary president
15 of the senate and the speaker of the assembly no later than October 31,
16 2022, and shall be for the purpose of informing the development of a
17 plan to reform the delivery of services offered by managed care organ-
18 izations in the Medicaid program. The report shall include the follow-
19 ing: 1. A market assessment of the managed care organizations offering
20 products in each market, including the appropriate number of managed
21 care organizations to each region to address member needs; 2. Analysis
22 of areas of potential improvements or challenges as they relate to
23 healthcare access, delivery, outcomes, administrative costs, efficien-
24 cies and oversight that may result from competitive procurement; 3. Cost
25 savings analysis that may result from a competitive procurement, if
26 any; 4. The current approach for addressing Person Centered care for

28 plans, including but not limited to special needs managed care organ-
29 izations authorized to offer Health and Recovery Plans (HARPs) and the
30 integration of those benefits with Mainstream Medicaid Managed Care
31 (MMMC); 5. Provider network access that may result from competitively
32 procuring plans in each region and potential improvements in standards
33 governing network adequacy; 6. Managed care enrollee service
34 disruptions that may result from competitively procuring managed care
35 plans in each region; 7. Impacts to providers that contract or are
36 affiliated with Medicaid managed care organizations that may result
37 from a competitive procurement; 8. An evaluation of new performance
38 standards or requirements that could be imposed upon Medicaid managed
39 care organizations that participate in the managed care program pursu-
40 ant to a contract with the department of health; and 9. An assessment
41 of current mechanisms for enforcement of performance requirements,
42 including but not limited to oversight of Medicaid managed care organ-
43 izations and penalties.

44 § 2. Subparagraphs (v) and (vi) of paragraph (b) of subdivision 1 of
45 section 268-d of the public health law, as added by section 2 of part T
46 of chapter 57 of the laws of 2019, are amended to read as follows:

50 (vi) contracts with any national cancer institute-designated cancer
51 center licensed by the department within the health plan's service area
52 that is willing to agree to provide cancer-related inpatient, outpatient
53 and medical services to enrollees in all health plans offering coverage
54 through the Marketplace in such cancer center's service area under the

1 prevailing terms and conditions that the plan requires of other similar

17 of this subsection shall also provide coverage for abortion services for
18 an enrollee.

19 (B) Coverage for abortion shall not be subject to annual deductibles
20 or coinsurance, including co-payments, unless the policy is a high

22 revenue code of 1986, in which case coverage for abortion may be subject
23 to the plan's annual deductible.

24 § 2. Subsection (k) of section 3221 of the insurance law is amended by
25 adding a new paragraph 22 to read as follows:

26 (22) (A) Every policy which provides hospital, surgical, or medical
27 coverage and which offers maternity care coverage pursuant to paragraph
28 five of this subsection shall also provide coverage for abortion

34 to the plan's annual deductible.

35 (C) Notwithstanding any other provision, a group policy that provides
36 hospital, surgical, or medical expense coverage delivered or issued for
37 delivery in this state to a religious employer, as defined in item one
38 of subparagraph (E) of paragraph sixteen of subsection (l) of this
39 section, may exclude coverage for abortion only if the insurer:

40 (i) obtains an annual certification from the group policyholder that
41 the policyholder is a religious employer and that the religious employer
42 requests a policy without coverage for abortion;

43 (ii) issues a rider to each certificate holder at no premium to be
44 charged to the certificate holder or religious employer for the rider,
45 that provides coverage for abortion subject to the same rules as would
46 have been applied to the same category of treatment in the policy issued
47 to the religious employer. The rider shall clearly and conspicuously
48 specify that the religious employer does not administer abortion bene-
49 fits, but that the insurer is issuing a rider for coverage of abortion,
50 and shall provide the insurer's contact information for questions; and

18 abortion only if the insurer:

19 (A) obtains an annual certification from the group policy holder that
20 the policy holder is a religious employer and that the religious employ-
21 er requests a contract without coverage for abortion;

22 (B) issues a rider to each certificate holder at no premium to be
23 charged to the certificate holder or religious employer for the rider,
24 that provides coverage for abortions subject to the same rules as would

35 the validity or effectiveness of any other provision of this act, or of

19 § 2. Subdivision 1 of section 2999-dd of the public health law, as
20 amended by chapter 124 of the laws of 2020, is amended to read as
21 follows:

22 1. Health care services delivered by means of telehealth shall be
23 entitled to reimbursement under section three hundred sixty-seven-u of
24 the social services law on the same basis, at the same rate, and to the
25 same extent the equivalent services, as may be defined in regulations
26 promulgated by the commissioner, are reimbursed when delivered in
27 person; provided, however, that health care services delivered by means
28 of telehealth shall not require reimbursement to a telehealth provider
29 for certain costs, including but not limited to facility fees or costs
30 reimbursed through ambulatory patient groups or other clinic reimburse-
31 ment methodologies set forth in section twenty-eight hundred seven of
32 this chapter, if such costs were not incurred in the provision of tele-
33 health services due to neither the originating site nor the distant site
34 occurring within a facility or other clinic setting; and further
35 provided, however, reimbursement for additional modalities, provider
36 categories and originating sites specified in accordance with section
37 twenty-nine hundred ninety-nine-ee of this article, and audio-only tele-

46 fees established by law, or otherwise established or certified by the
47 office for people with developmental disabilities, office of mental
48 health, or the office of addiction services and supports pursuant to
49 article forty-three of the mental hygiene law.

50 § 3. Subsection (a) of section 3217-h of the insurance law, as added
51 by chapter 6 of the laws of 2015, is amended to read as follows:

1 (a) (1) An insurer shall not exclude from coverage a service that is
2 otherwise covered under a policy that provides comprehensive coverage
3 for hospital, medical or surgical care because the service is delivered
4 via telehealth, as that term is defined in subsection (b) of this
5 section; provided, however, that an insurer may exclude from coverage a
6 service by a health care provider where the provider is not otherwise
7 covered under the policy. An insurer may subject the coverage of a
8 service delivered via telehealth to co-payments, coinsurance or deduct-
9 ibles provided that they are at least as favorable to the insured as
10 those established for the same service when not delivered via tele-
11 health. An insurer may subject the coverage of a service delivered via
12 telehealth to reasonable utilization management and quality assurance
13 requirements that are consistent with those established for the same
14 service when not delivered via telehealth.

15 (2) An insurer that provides comprehensive coverage for hospital,
16 medical or surgical care shall reimburse covered services delivered by
17 means of telehealth on the same basis, at the same rate, and to the same
18 extent that such services are reimbursed when delivered in person;
19 provided that reimbursement of covered services delivered via telehealth
20 shall not require reimbursement of costs not actually incurred in the
21 provision of the telehealth services, including charges related to the
22 use of a clinic or other facility when neither the originating site nor
23 distant site occur within the clinic or other facility.

24 (3) An insurer that provides comprehensive coverage for hospital,
25 medical, or surgical care with a network of health care providers shall
26 ensure that such network is adequate to meet the telehealth needs of
27 insured individuals for services covered under the policy when medically
28 appropriate.

29 § 4. Subsection (a) of section 4306-g of the insurance law, as added
30 by chapter 6 of the laws of 2015, is amended to read as follows:

31 (a) (1) A corporation shall not exclude from coverage a service that
32 is otherwise covered under a contract that provides comprehensive cover-
33 age for hospital, medical or surgical care because the service is deliv-
34 ered via telehealth, as that term is defined in subsection (b) of this
35 section; provided, however, that a corporation may exclude from coverage
36 a service by a health care provider where the provider is not otherwise
37 covered under the contract. A corporation may subject the coverage of a
38 service delivered via telehealth to co-payments, coinsurance or deduct-
39 ibles provided that they are at least as favorable to the insured as
40 those established for the same service when not delivered via tele-
41 health. A corporation may subject the coverage of a service delivered
42 via telehealth to reasonable utilization management and quality assur-
43 ance requirements that are consistent with those established for the
44 same service when not delivered via telehealth.

45 (2) A corporation that provides comprehensive coverage for hospital,
46 medical or surgical care shall reimburse covered services delivered by
47 means of telehealth on the same basis, at the same rate, and to the same
48 extent that such services are reimbursed when delivered in person;
49 provided that reimbursement of covered services delivered via tele-
50 health shall not require reimbursement of costs not actually incurred
51 in the provision of the telehealth services, including charges related
52 to the use of a clinic or other facility when neither the originating
53 site nor the distant site occur within the clinic or other facility. The
54 superintendent may promulgate regulations to implement the provisions
55 of this section.

1 (3) A corporation that provides comprehensive coverage for hospital,
 2 medical, or surgical care with a network of health care providers shall
 3 ensure that such network is adequate to meet the telehealth needs of
 4 insured individuals for services covered under the policy when medically
 5 appropriate.

6 § 5. Section 4406-g of the public health law is amended by adding two
 7 new subdivisions 3 and 4 to read as follows:

8 3. A health maintenance organization that provides comprehensive
 9 coverage for hospital, medical or surgical care shall reimburse covered
 10 services delivered via telehealth on the same basis, at the same rate,
 11 and to the extent that such services are reimbursed when delivered in
 12 person; provided that reimbursement of covered services delivered by
 13 means of telehealth shall not require reimbursement of costs not actu-
 14 ally incurred in the provision of the telehealth services, including
 15 charges related to the use of a clinic or other facility when neither
 16 the originating site nor the distant site occur within the clinic or
 17 other facility. The commissioner, in consultation with the superinten-
 18 dent, may promulgate regulations to implement the provisions of this
 19 section.

20 4. A health maintenance organization that provides comprehensive
 21 coverage for hospital, medical, or surgical care with a network of
 22 health care providers shall ensure that such network is adequate to meet
 23 the telehealth needs of insured individuals for services covered under
 24 the policy when medically appropriate.

6 § 365-g. Utilization [thresholds] review for certain care, services
7 and supplies. 1. The department may implement a system for utilization
8 [controls] review, pursuant to this section, for persons eligible for
9 benefits under this title, [including annual service limitations or
10 utilization thresholds above which the department may not pay for addi-
11 tional care, services or supplies, unless such care, services or
12 supplies have been previously approved by the department or unless such
13 care, services or supplies were provided pursuant to subdivision three,
14 four or five of this section] to evaluate the appropriateness and quali-

16 of care and services, which shall include a post-payment review process
17 to develop and review beneficiary utilization profiles, provider service

21 in the unnecessary or inappropriate use of care, services or supplies
22 furnished under this title.

23 2. The department may [implement] review utilization [thresholds] by
24 provider service type, medical procedure and patient, in consultation
25 with the state department of mental hygiene, other appropriate state
26 agencies, and other stakeholders including provider and consumer repre-

28 department shall consider historical recipient utilization patterns,
29 patient-specific diagnoses and burdens of illness, and the anticipated
30 recipient needs in order to maintain good health. The system for utili-
31 zation review shall not be used to determine a recipient's medical care,
32 services or supplies under this section.

33 3. [If the department implements a utilization threshold program, at a
34 minimum, such program must include:

35 (a) prior notice to the recipients affected by the utilization thresh-
36 old program, which notice must describe:

46 (i) requesting an increase in amount of authorized services;

47 (ii) extending amount of authorized services when an application for
48 an increase in the amount of authorized services is pending;

49 (iii) requesting an exemption from utilization thresholds, which
50 procedure must:

51 (A) allow the recipient, or a provider on behalf of a recipient, to
52 apply to the department for an exemption from one or more utilization
53 thresholds based upon documentation of the medical necessity for
54 services in excess of the threshold,

55 (B) provided for exemptions consistent with department guidelines for

4 treatment.

5 (C) provide for an exemption when medical and clinical documentation
6 substantiates a condition of a chronic medical nature which requires
7 ongoing and frequent use of medical care, services or supplies such that
8 an increase in the amount of authorized services is not sufficient to
9 meet the medical needs of the recipient;

10 (iv) reimbursing a provider, regardless of the recipient's previous
11 use of services, when care, services or supplies are provided in a case
12 of urgent medical need, as defined by the department, or when provided
13 on an emergency basis, as defined by the department;

14 (v) notifying recipients of and referring recipients to appropriate
15 and accessible managed care programs and to preferred primary care
16 providers designated pursuant to subdivision twelve of section twenty-
17 eight hundred seven of the public health law at the same time such
18 recipients are notified that they are nearing or have reached the utili-
19 zation threshold for each specific provider type;

20 (vi) notifying recipients at the same time such recipients are noti-
21 fied that they have received an exemption from a utilization threshold,
22 an increase in the amount of authorized services, or that they are near-
23 ing or have reached their utilization threshold, of their possible
24 eligibility for federal disability benefits and directing such recipi-
25 ents to their social services district for information and assistance in
26 securing such benefits;

27 (vii) cooperating with social services districts in sharing informa-
28 tion collected and developed by the department regarding recipients'
29 medical records; and

30 (viii) assuring that no request for an increase in amount of author-
31 ized services or for an exemption from utilization thresholds shall be
32 denied unless the request is first reviewed by a health care profes-
33 sional possessing appropriate clinical expertise.

34 4.] The utilization [thresholds] review established pursuant to this
35 section shall not apply to [mental retardation and] developmental disa-

55 (h) pursuant to a court order; or

1 (i) as a condition of eligibility for any other public program,
2 including but not limited to public assistance.

3 [6.] 5. The department shall consult with representatives of medical
4 assistance providers, social services districts, voluntary organizations
5 that represent or advocate on behalf of recipients, the managed care
6 advisory council and other state agencies regarding the ongoing opera-
7 tion of a utilization [threshold] review system.

8 [7.] 6. On or before February first, nineteen hundred ninety-two, the
9 commissioner shall submit to the governor, the temporary president of
10 the senate and the speaker of the assembly a report detailing the imple-
11 mentation of the utilization threshold program and evaluating the
12 results of establishing utilization thresholds. Such report shall

19 June 30, 2012, and covering the period July 1, 2012 to June 30, 2013,

24 ing the period July 1, 2018 to June 30, 2019, and covering the period
25 July 1, 2019 to June 30, 2020, and covering the period July 1, 2020 to
26 June 30, 2021, and covering the period July 1, 2021 to June 30, 2022,
27 and covering the period July 1, 2022 to June 30, 2023 for a physician or
28 dentist where such excess insurance coverage or equivalent excess cover-
29 age is cancelled in accordance with paragraph (c) of this subdivision.

30 § 4. Section 40 of chapter 266 of the laws of 1986, amending the civil
31 practice law and rules and other laws relating to malpractice and
32 professional medical conduct, as amended by section 4 of part K of chap-
33 ter 57 of the laws of 2021, is amended to read as follows:

34 § 40. The superintendent of financial services shall establish rates
35 for policies providing coverage for physicians and surgeons medical
36 malpractice for the periods commencing July 1, 1985 and ending June 30,
37 [2022] 2023; provided, however, that notwithstanding any other provision
38 of law, the superintendent shall not establish or approve any increase
39 in rates for the period commencing July 1, 2009 and ending June 30,
40 2010. The superintendent shall direct insurers to establish segregated
41 accounts for premiums, payments, reserves and investment income attrib-
42 utable to such premium periods and shall require periodic reports by the
43 insurers regarding claims and expenses attributable to such periods to
44 monitor whether such accounts will be sufficient to meet incurred claims
45 and expenses. On or after July 1, 1989, the superintendent shall impose
46 a surcharge on premiums to satisfy a projected deficiency that is
47 attributable to the premium levels established pursuant to this section
48 for such periods; provided, however, that such annual surcharge shall
49 not exceed eight percent of the established rate until July 1, [2022]
50 2023, at which time and thereafter such surcharge shall not exceed twen-
51 ty-five percent of the approved adequate rate, and that such annual
52 surcharges shall continue for such period of time as shall be sufficient
53 to satisfy such deficiency. The superintendent shall not impose such
54 surcharge during the period commencing July 1, 2009 and ending June 30,
55 2010. On and after July 1, 1989, the surcharge prescribed by this
56 section shall be retained by insurers to the extent that they insured

1 physicians and surgeons during the July 1, 1985 through June 30, [2022]
2 2023 policy periods; in the event and to the extent physicians and
3 surgeons were insured by another insurer during such periods, all or a
4 pro rata share of the surcharge, as the case may be, shall be remitted
5 to such other insurer in accordance with rules and regulations to be
6 promulgated by the superintendent. Surcharges collected from physicians
7 and surgeons who were not insured during such policy periods shall be
8 apportioned among all insurers in proportion to the premium written by
9 each insurer during such policy periods; if a physician or surgeon was
10 insured by an insurer subject to rates established by the superintendent
11 during such policy periods, and at any time thereafter a hospital,
12 health maintenance organization, employer or institution is responsible
13 for responding in damages for liability arising out of such physician's
14 or surgeon's practice of medicine, such responsible entity shall also
15 remit to such prior insurer the equivalent amount that would then be
16 collected as a surcharge if the physician or surgeon had continued to
17 remain insured by such prior insurer. In the event any insurer that
18 provided coverage during such policy periods is in liquidation, the
19 property/casualty insurance security fund shall receive the portion of
20 surcharges to which the insurer in liquidation would have been entitled.
21 The surcharges authorized herein shall be deemed to be income earned for
22 the purposes of section 2303 of the insurance law. The superintendent,
23 in establishing adequate rates and in determining any projected defi-
24 ciency pursuant to the requirements of this section and the insurance
25 law, shall give substantial weight, determined in his discretion and
26 judgment, to the prospective anticipated effect of any regulations
27 promulgated and laws enacted and the public benefit of stabilizing
28 malpractice rates and minimizing rate level fluctuation during the peri-
29 od of time necessary for the development of more reliable statistical
30 experience as to the efficacy of such laws and regulations affecting
31 medical, dental or podiatric malpractice enacted or promulgated in 1985,
32 1986, by this act and at any other time. Notwithstanding any provision
33 of the insurance law, rates already established and to be established by
34 the superintendent pursuant to this section are deemed adequate if such
35 rates would be adequate when taken together with the maximum authorized
36 annual surcharges to be imposed for a reasonable period of time whether
37 or not any such annual surcharge has been actually imposed as of the
38 establishment of such rates.

39 § 5. Section 5 and subdivisions (a) and (e) of section 6 of part J of
40 chapter 63 of the laws of 2001, amending chapter 266 of the laws of
41 1986, amending the civil practice law and rules and other laws relating
42 to malpractice and professional medical conduct, as amended by section 5

49 the New York Health Care Reform Act of 1996 and other laws relating to
50 extending certain provisions thereto, as amended by section 6 of part K
51 of chapter 57 of the laws of 2021, is amended to read as follows:

52 § 20. Notwithstanding any law, rule or regulation to the contrary,
53 only physicians or dentists who were eligible, and for whom the super-

10 the general hospitals may certify additional eligible physicians or

SUBPART A

37 Section 1. Section 601 of the financial services law, as added by
38 section 26 of part H of chapter 60 of the laws of 2014, is amended to
39 read as follows:

40 § 601. Dispute resolution process established. The superintendent
41 shall establish a dispute resolution process by which a dispute for a
42 bill for emergency services or a surprise bill may be resolved. The
43 superintendent shall have the power to grant and revoke certifications
44 of independent dispute resolution entities to conduct the dispute resol-
45 ution process. The superintendent shall promulgate regulations estab-
46 lishing standards for the dispute resolution process, including a proc-
47 ession for certifying and selecting independent dispute resolution
48 entities. An independent dispute resolution entity shall use licensed
49 physicians in active practice in the same or similar specialty as the
50 physician providing the service that is subject to the dispute resol-
51 ution process of this article for disputes that involve physician
52 services. To the extent practicable, the physician shall be licensed in

1 this state. Disputes shall be submitted to an independent dispute
2 resolution entity within three years of the date the health care plan
3 made the original payment on the claim that is the subject of the
4 dispute.

5 § 2. Subsection (b) of section 602 of the financial services law is
6 REPEALED.

7 § 3. Subsection (h) of section 603 of the financial services law, as
8 added by section 26 of part H of chapter 60 of the laws of 2014, is
9 amended to read as follows:

10 (h) "Surprise bill" means a bill for health care services, other than
11 emergency services, [received by] with respect to:

12 (1) an insured for services rendered by a non-participating [physi-
13 cian] provider at a participating hospital or ambulatory surgical
14 center, where a participating [physician] provider is unavailable or a
15 non-participating [physician] provider renders services without the
16 insured's knowledge, or unforeseen medical services arise at the time
17 the health care services are rendered; provided, however, that a
18 surprise bill shall not mean a bill received for health care services
19 when a participating [physician] provider is available and the insured
20 has elected to obtain services from a non-participating [physician]
21 provider;

22 (2) an insured for services rendered by a non-participating provider,
23 where the services were referred by a participating physician to a non-
24 participating provider without explicit written consent of the insured
25 acknowledging that the participating physician is referring the insured
26 to a non-participating provider and that the referral may result in
27 costs not covered by the health care plan; or

28 (3) a patient who is not an insured for services rendered by a physi-
29 cian at a hospital or ambulatory surgical center, where the patient has
30 not timely received all of the disclosures required pursuant to section
31 twenty-four of the public health law.

32 § 4. Section 604 of the financial services law, as amended by chapter
33 377 of the laws of 2019, is amended to read as follows:

34 § 604. Criteria for determining a reasonable fee. In determining the
35 appropriate amount to pay for a health care service, an independent
36 dispute resolution entity shall consider all relevant factors, includ-
37 ing:

38 (a) whether there is a gross disparity between the fee charged by the
39 [physician or hospital] provider for services rendered as compared to:

40 (1) fees paid to the involved [physician or hospital] provider for the
41 same services rendered by the [physician or hospital] provider to other
42 patients in health care plans in which the [physician or hospital]
43 provider is not participating, and

44 (2) in the case of a dispute involving a health care plan, fees paid
45 by the health care plan to reimburse similarly qualified [physicians or
46 hospitals] providers for the same services in the same region who are
47 not participating with the health care plan;

48 (b) the level of training, education and experience of the [physician]
49 health care professional, and in the case of a hospital, the teaching
50 staff, scope of services and case mix;

51 (c) the [physician's and hospital's] provider's usual charge for
52 comparable services with regard to patients in health care plans in
53 which the [physician or hospital] provider is not participating;

54 (d) the circumstances and complexity of the particular case, including
55 time and place of the service;

1 (e) individual patient characteristics; [and, with regard to physician
2 services,]

3 (f) the median of the rate recognized by the health care plan to reim-
4 burse similarly qualified providers for the same or similar services in
5 the same region that are participating with the health care plan; and

6 (g) with regard to physician services, the usual and customary cost of
7 the service.

8 § 5. Subsections (a) and (c) of section 605 of the financial services
9 law, as amended by chapter 377 of the laws of 2019, paragraphs 1 and 2
10 of subsection (a) as amended by section 1 of part YY of chapter 56 of
11 the laws of 2020, are amended to read as follows:

12 (a) Emergency services for an insured. (1) When a health care plan
13 receives a bill for emergency services from a non-participating [physi-
14 cian or hospital] provider, including a bill for inpatient services
15 which follow an emergency room visit, the health care plan shall pay an
16 amount that it determines is reasonable for the emergency services,
17 including inpatient services which follow an emergency room visit,
18 rendered by the non-participating [physician or hospital] provider, in
19 accordance with section three thousand two hundred twenty-four-a of the
20 insurance law, except for the insured's co-payment, coinsurance or
21 deductible, if any, and shall ensure that the insured shall incur no
22 greater out-of-pocket costs for the emergency services, including inpa-
23 tient services which follow an emergency room visit, than the insured
24 would have incurred with a participating [physician or hospital] provid-
25 er. [If an insured assigns benefits to a non-participating physician or
26 hospital in relation to emergency services, including inpatient services
27 which follow an emergency room visit, provided by such non-participating
28 physician or hospital, the] The non-participating [physician or hospi-
29 tal] provider may bill the health care plan for the services rendered.
30 Upon receipt of the bill, the health care plan shall pay the non-parti-
31 cipating [physician or hospital] provider the amount prescribed by this
32 section and any subsequent amount determined to be owed to the [physi-
33 cian or hospital] provider in relation to the emergency services
34 provided, including inpatient services which follow an emergency room
35 visit.

36 (2) A non-participating [physician or hospital] provider or a health
37 care plan may submit a dispute regarding a fee or payment for emergency
38 services, including inpatient services which follow an emergency room
39 visit, for review to an independent dispute resolution entity.

40 (3) The independent dispute resolution entity shall make a determi-
41 nation within thirty business days of receipt of the dispute for review.

42 (4) In determining a reasonable fee for the services rendered, an
43 independent dispute resolution entity shall select either the health
44 care plan's payment or the non-participating [physician's or hospital's]
45 provider's fee. The independent dispute resolution entity shall deter-
46 mine which amount to select based upon the conditions and factors set
47 forth in section six hundred four of this article. If an independent
48 dispute resolution entity determines, based on the health care plan's
49 payment and the non-participating [physician's or hospital's] provider's
50 fee, that a settlement between the health care plan and non-participat-
51 ing [physician or hospital] provider is reasonably likely, or that both
52 the health care plan's payment and the non-participating [physician's or
53 hospital's] provider's fee represent unreasonable extremes, then the
54 independent dispute resolution entity may direct both parties to attempt
55 a good faith negotiation for settlement. The health care plan and non-
56 participating [physician or hospital] provider may be granted up to ten

1 business days for this negotiation, which shall run concurrently with
2 the thirty business day period for dispute resolution.

3 (c) The determination of an independent dispute resolution entity
4 shall be binding on the health care plan, [physician or hospital]
5 provider and patient, and shall be admissible in any court proceeding
6 between the health care plan, [physician or hospital] provider or
7 patient, or in any administrative proceeding between this state and the
8 [physician or hospital] provider.

9 § 6. Subsection (d) of section 605 of the financial services law is
10 REPEALED and subsection (e) of section 605 of the financial services law
11 is relettered subsection (d).

12 § 7. Section 606 of the financial services law, as amended by section
13 3 of part YY of chapter 56 of the laws of 2020, is amended to read as
14 follows:

15 § 606. Hold harmless [and assignment of benefits] for insureds from
16 bills for emergency services and surprise bills. (a) [When an insured
17 assigns benefits for a surprise bill in writing to a non-participating
18 physician that knows the insured is insured under a health care plan,
19 the] A non-participating [physician] provider shall not bill [the] an
20 insured for a surprise bill except for any applicable copayment, coinsu-
21 rance or deductible that would be owed if the insured utilized a partic-
22 ipating [physician] provider.

23 (b) [When an insured assigns benefits for emergency services, includ-
24 ing inpatient services which follow an emergency room visit, to a non-
25 participating physician or hospital that knows the insured is insured
26 under a health care plan, the] A non-participating [physician or hospi-
27 tal] provider shall not bill [the] an insured for emergency services,
28 including inpatient services which follow an emergency room visit,
29 except for any applicable copayment, coinsurance or deductible that
30 would be owed if the insured utilized a participating [physician or
31 hospital] provider.

32 § 8. Subsections (a), (b) and (c) of section 607 of the financial
33 services law, as added by section 26 of part H of chapter 60 of the laws
34 of 2014, are amended to read as follows:

35 (a) Surprise bill [received by] involving an insured [who assigns
36 benefits]. (1) [If] For a surprise bill involving an insured [assigns
37 benefits to a non-participating physician], the health care plan shall
38 pay the non-participating [physician] provider in accordance with para-
39 graphs two and three of this subsection.

40 (2) The non-participating [physician] provider may bill the health
41 care plan for the health care services rendered, and the health care
42 plan shall pay the non-participating [physician] provider the billed
43 amount or attempt to negotiate reimbursement with the non-participating
44 [physician] provider.

45 (3) If the health care plan's attempts to negotiate reimbursement for
46 health care services provided by a non-participating [physician] provid-
47 er does not result in a resolution of the payment dispute between the
48 non-participating [physician] provider and the health care plan, the
49 health care plan shall pay the non-participating [physician] provider an
50 amount the health care plan determines is reasonable for the health care
51 services rendered, except for the insured's copayment, coinsurance or
52 deductible, in accordance with section three thousand two hundred twen-
53 ty-four-a of the insurance law, and shall ensure that the insured shall
54 incur no greater out-of-pocket costs for the surprise bill than the
55 insured would have incurred with a participating provider.

1 (4) Either the health care plan or the non-participating [physician]
2 provider may submit the dispute regarding the surprise bill for review
3 to an independent dispute resolution entity, provided however, the
4 health care plan may not submit the dispute unless it has complied with
5 the requirements of paragraphs one, two and three of this subsection.

6 (5) The independent dispute resolution entity shall make a determi-
7 nation within thirty business days of receipt of the dispute for review.

8 (6) When determining a reasonable fee for the services rendered, the
9 independent dispute resolution entity shall select either the health
10 care plan's payment or the non-participating [physician's] provider's
11 fee. An independent dispute resolution entity shall determine which
12 amount to select based upon the conditions and factors set forth in
13 section six hundred four of this article. If an independent dispute
14 resolution entity determines, based on the health care plan's payment
15 and the non-participating [physician's] provider's fee, that a settle-
16 ment between the health care plan and non-participating [physician]
17 provider is reasonably likely, or that both the health care plan's
18 payment and the non-participating [physician's] provider's fee represent
19 unreasonable extremes, then the independent dispute resolution entity
20 may direct both parties to attempt a good faith negotiation for settle-
21 ment. The health care plan and non-participating [physician] provider
22 may be granted up to ten business days for this negotiation, which shall
23 run concurrently with the thirty business day period for dispute resol-
24 ution.

25 (b) Surprise bill received by [an insured who does not assign benefits
26 or by] a patient who is not an insured.

27 (1) [An insured who does not assign benefits in accordance with
28 subsection (a) of this section or a] A patient who is not an insured and
29 who receives a surprise bill may submit a dispute regarding the surprise
30 bill for review to an independent dispute resolution entity.

31 (2) The independent dispute resolution entity shall determine a
32 reasonable fee for the services rendered based upon the conditions and
33 factors set forth in section six hundred four of this article.

34 (3) A patient [or insured who does not assign benefits in accordance
35 with subsection (a) of this section] shall not be required to pay the
36 physician's fee to be eligible to submit the dispute for review to the
37 independent dispute resolution entity.

38 (c) The determination of an independent dispute resolution entity
39 shall be binding on the patient, [physician] provider and health care
40 plan, and shall be admissible in any court proceeding between the
41 patient or insured, [physician] provider or health care plan, or in any
42 administrative proceeding between this state and the [physician] provid-
43 er.

44 § 9. Subsection (a) of section 608 of the financial services law, as
45 amended by chapter 375 of the laws of 2019, is amended to read as
46 follows:

47 (a) For disputes involving an insured, when the independent dispute
48 resolution entity determines the health care plan's payment is reason-
49 able, payment for the dispute resolution process shall be the responsi-
50 bility of the non-participating [physician or hospital] provider. When
51 the independent dispute resolution entity determines the non-participat-
52 ing [physician's or hospital's] provider's fee is reasonable, payment
53 for the dispute resolution process shall be the responsibility of the
54 health care plan. When a good faith negotiation directed by the inde-
55 pendent dispute resolution entity pursuant to paragraph four of
56 subsection (a) of section six hundred five of this article, or paragraph

1 six of subsection (a) of section six hundred seven of this article
2 results in a settlement between the health care plan and non-participat-
3 ing [physician or hospital] provider, the health care plan and the non-
4 participating [physician or hospital] provider shall evenly divide and
5 share the prorated cost for dispute resolution.

6 § 10. Subparagraph (A) of paragraph 1 of subsection (b) of section
7 4910 of the insurance law, as amended by chapter 219 of the laws of
8 2011, is amended to read as follows:

9 (A) the insured has had coverage of the health care service, which
10 would otherwise be a covered benefit under a subscriber contract or
11 governmental health benefit program, denied on appeal, in whole or in
12 part, pursuant to title one of this article on the grounds that such
13 health care service does not meet the health care plan's requirements
14 for medical necessity, appropriateness, health care setting, level of
15 care, [or] effectiveness of a covered benefit, or other ground consist-
16 ent with 42 U.S.C. § 300gg-19 as determined by the superintendent, and

17 § 11. Subparagraph (i) of paragraph (a) of subdivision 2 of section
18 4910 of the public health law, as amended by chapter 219 of the laws of
19 2011, is amended to read as follows:

20 (i) the enrollee has had coverage of a health care service, which
21 would otherwise be a covered benefit under a subscriber contract or
22 governmental health benefit program, denied on appeal, in whole or in
23 part, pursuant to title one of this article on the grounds that such
24 health care service does not meet the health care plan's requirements
25 for medical necessity, appropriateness, health care setting, level of
26 care, [or] effectiveness of a covered benefit, or other ground consist-
27 ent with 42 U.S.C. § 300gg-19 as determined by the commissioner in
28 consultation with the superintendent of financial services, and

29 § 12. This act shall take effect immediately.

SUBPART B

31 Section 1. Paragraph 1 of subsection (c) of section 109 of the insur-
32 ance law, as amended by section 55 of part A of chapter 62 of the laws
33 of 2011, is amended to read as follows:

34 (1) If the superintendent finds after notice and hearing that any
35 authorized insurer, representative of the insurer, licensed insurance
36 agent, licensed insurance broker, licensed adjuster, or any other person
37 or entity licensed, certified, registered, or authorized pursuant to
38 this chapter, has [wilfully] willfully violated the provisions of this
39 chapter or any regulation promulgated thereunder or with respect to
40 accident and health insurance, any provision of titles one or two of
41 division BB of the Consolidated Appropriations Act of 2021 (Pub. L. No.
42 116-260), as may be amended from time-to-time, and any regulations
43 promulgated thereunder, then the superintendent may order the person or
44 entity to pay to the people of this state a penalty in a sum not exceed-
45 ing one thousand dollars for each offense.

46 § 2. Paragraph 17 of subsection (a) of section 3217-a of the insur-
47 ance law, as amended by section 9 of subpart A of part BB of chapter 57
48 of the laws of 2019, is amended to read as follows:

49 (17) where applicable, a listing by specialty, which may be in a sepa-
50 rate document that is updated annually, of the name, address, [and]
51 telephone number, and digital contact information of all participating
52 providers, including facilities, and: (A) whether the provider is
53 accepting new patients; (B) in the case of mental health or substance
54 use disorder services providers, any affiliations with participating

1 facilities certified or authorized by the office of mental health or the
2 office of [alcoholism] addiction services and [substance abuse services]
3 supports, and any restrictions regarding the availability of the indi-
4 vidual provider's services; and (C) in the case of physicians, board
5 certification, languages spoken and any affiliations with participating
6 hospitals. The listing shall also be posted on the insurer's website and
7 the insurer shall update the website within fifteen days of the addition
8 or termination of a provider from the insurer's network or a change in a
9 physician's hospital affiliation;

10 § 3. Section 3217-b of the insurance law is amended by adding two new
11 subsections (m) and (n) to read as follows:

12 (m) A contract between an insurer and a health care provider shall
13 include a provision that requires the health care provider to have in
14 place business processes to ensure the timely provision of provider
15 directory information to the insurer. A health care provider shall
16 submit such provider directory information to an insurer, at a minimum,
17 when a provider begins or terminates a network agreement with an insur-
18 er, when there are material changes to the content of the provider
19 directory information of the health care provider, and at any other
20 time, including upon the insurer's request, as the health care provider
21 determines to be appropriate. For purposes of this subsection, "provid-
22 er directory information" shall include the name, address, specialty,
23 telephone number, and digital contact information of such health care
24 provider; whether the provider is accepting new patients; for mental
25 health and substance use disorder services providers, any affiliations
26 with participating facilities certified or authorized by the office of
27 mental health or the office of addiction services and supports, and any
28 restrictions regarding the availability of the individual provider's
29 services; and in the case of physicians, board certification, languages
30 spoken, and any affiliations with participating hospitals.

31 (n) A contract between an insurer and a health care provider shall
32 include a provision that states that the provider shall reimburse the
33 insured for the full amount paid by the insured in excess of the in-net-
34 work cost-sharing amount, plus interest at an interest rate determined
35 by the superintendent in accordance with 42 U.S.C. § 300gg-139(b), for
36 the services involved when the insured is provided with inaccurate
37 network status information by the insurer in a provider directory or in
38 response to a request that stated that the provider was a participating
39 provider when the provider was not a participating provider. In the
40 event the insurer provides inaccurate network status information to the
41 insured indicating the provider was a participating provider when such
42 provider was not a participating provider, the insurer shall reimburse
43 the provider for the out-of-network services regardless of whether the
44 insured's coverage includes out-of-network services. Nothing in this
45 subsection shall prohibit a health care provider from requiring in the
46 terms of a contract with an insurer that the insurer remove, at the time
47 of termination of such contract, the provider from the insurer's provid-
48 er directory or that the insurer bear financial responsibility for
49 providing inaccurate network status information to an insured.

50 § 4. Paragraph 17 of subsection (a) of section 4324 of the insurance
51 law, as amended by section 34 of subpart A of part BB of chapter 57 of
52 the laws of 2019, is amended to read as follows:

53 (17) where applicable, a listing by specialty, which may be in a sepa-
54 rate document that is updated annually, of the name, address, [and]
55 telephone number, and digital contact information of all participating
56 providers, including facilities, and: (A) whether the provider is

1 accepting new patients; (B) in the case of mental health or substance
2 use disorder services providers, any affiliations with participating
3 facilities certified or authorized by the office of mental health or the
4 office of [alcoholism] addiction services and [substance abuse services]
5 supports, and any restrictions regarding the availability of the indi-
6 vidual provider's services; (C) in the case of physicians, board certifi-
7 cation, languages spoken and any affiliations with participating hospi-
8 tals. The listing shall also be posted on the corporation's website and
9 the corporation shall update the website within fifteen days of the
10 addition or termination of a provider from the corporation's network or
11 a change in a physician's hospital affiliation;

12 § 5. Section 4325 of the insurance law is amended by adding two new
13 subsections (n) and (o) to read as follows:

14 (n) A contract between a corporation and a health care provider shall
15 include a provision that requires the health care provider to have in
16 place business processes to ensure the timely provision of provider
17 directory information to the corporation. A health care provider shall
18 submit such provider directory information to a corporation, at a mini-
19 imum, when a provider begins or terminates a network agreement with a
20 corporation, when there are material changes to the content of the
21 provider directory information of the health care provider, and at any
22 other time, including upon the corporation's request, as the health care
23 provider determines to be appropriate. For purposes of this subsection,
24 "provider directory information" shall include the name, address,
25 specialty, telephone number, and digital contact information of such
26 health care provider; whether the provider is accepting new patients;
27 for mental health and substance use disorder services providers, any
28 affiliations with participating facilities certified or authorized by
29 the office of mental health or the office of addiction services and
30 supports, and any restrictions regarding the availability of the indi-
31 vidual provider's services; and in the case of physicians, board certifi-
32 ication, languages spoken, and any affiliations with participating
33 hospitals.

34 (o) A contract between a corporation and a health care provider shall
35 include a provision that states that the provider shall reimburse the
36 insured for the full amount paid by the insured in excess of the in-net-
37 work cost-sharing amount, plus interest at an interest rate determined
38 by the superintendent in accordance with 42 U.S.C. § 300gg-139(b), for
39 the services involved when the insured is provided with inaccurate
40 network status information by the corporation in a provider directory or
41 in response to a request that stated that the provider was a participat-
42 ing provider when the provider was not a participating provider. In the
43 event the corporation provides inaccurate network status information to
44 the insured indicating the provider was a participating provider when
45 such provider was not a participating provider, the corporation shall
46 reimburse the provider for the out-of-network services regardless of
47 whether the insured's coverage includes out-of-network services. Noth-
48 ing in this subsection shall prohibit a health care provider from
49 requiring in the terms of a contract with a corporation that the corpo-
50 ration remove, at the time of termination of such contract, the provider
51 from the corporation's provider directory or that the corporation bear
52 financial responsibility for providing inaccurate network status infor-
53 mation to an insured.

54 § 6. Section 4406-c of the public health law is amended by adding two
55 new subdivisions 11 and 12 to read as follows:

1 11. A contract between a health care plan and a health care provider
2 shall include a provision that requires the health care provider to have
3 in place business processes to ensure the timely provision of provider
4 directory information to the health care plan. A health care provider
5 shall submit such provider directory information to a health care plan,
6 at a minimum, when a provider begins or terminates a network agreement
7 with a health care plan, when there are material changes to the content
8 of the provider directory information of such health care provider, and
9 at any other time, including upon the health care plan's request, as the
10 health care provider determines to be appropriate. For purposes of this
11 subsection, "provider directory information" shall include the name,
12 address, specialty, telephone number, and digital contact information of
13 such health care provider; whether the provider is accepting new
14 patients; for mental health and substance use disorder services provid-
15 ers, any affiliations with participating facilities certified or author-
16 ized by the office of mental health or the office of addiction services
17 and supports, and any restrictions regarding the availability of the
18 individual provider's services; and in the case of physicians, board
19 certification, languages spoken, and any affiliations with participating
20 hospitals.

21 12. A contract between a health care plan and a health care provider
22 shall include a provision that states that the provider shall reimburse
23 the enrollee for the full amount paid by the enrollee in excess of the
24 in-network cost-sharing amount, plus interest at an interest rate deter-
25 mined by the commissioner in accordance with 42 U.S.C. § 300gg-139(b),
26 for the services involved when the enrollee is provided with inaccurate
27 network status information by the health care plan in a provider direc-
28 tory or in response to a request that stated that the provider was a
29 participating provider when the provider was not a participating provid-
30 er. In the event the health care plan provides inaccurate network
31 status information to the enrollee indicating the provider was a partic-
32 ipating provider when such provider was not a participating provider,
33 the health care plan shall reimburse the provider for the out-of-network
34 services regardless of whether the enrollee's coverage includes out-of-
35 network services. Nothing in this subdivision shall prohibit a health
36 care provider from requiring in the terms of a contract with a health
37 care plan that the health care plan remove, at the time of termination
38 of such contract, the provider from the health care plan's provider
39 directory or that the health care plan bear financial responsibility for
40 providing inaccurate network status information to an enrollee.

41 § 7. Paragraph (r) of subdivision 1 of section 4408 of the public
42 health law, as amended by section 41 of subpart A of part BB of chapter
43 57 of the laws of 2019, is amended to read as follows:

44 (r) a listing by specialty, which may be in a separate document that
45 is updated annually, of the name, address [and], telephone number, and
46 digital contact information of all participating providers, including
47 facilities, and: (i) whether the provider is accepting new patients;
48 (ii) in the case of mental health or substance use disorder services
49 providers, any affiliations with participating facilities certified or
50 authorized by the office of mental health or the office of [alcoholism]
51 addiction services and [substance abuse services] supports, and any
52 restrictions regarding the availability of the individual provider's
53 services; and (iii) in the case of physicians, board certification,
54 languages spoken and any affiliations with participating hospitals. The
55 listing shall also be posted on the health maintenance organization's
56 website and the health maintenance organization shall update the website

1 within fifteen days of the addition or termination of a provider from
2 the health maintenance organization's network or a change in a physi-
3 cian's hospital affiliation;

4 § 8. Subdivision 8 of section 24 of the public health law is renun-
5 bered subdivision 9 and a new subdivision 8 is added to read as follows:

6 8. A health care professional, or a group practice of health care
7 professionals, a diagnostic and treatment center or a health center
8 defined under 42 U.S.C. § 254b on behalf of health care professionals
9 rendering services at the group practice, diagnostic and treatment
10 center or health center, and a hospital shall make publicly available,
11 and if applicable, post on their public websites, and provide to indi-
12 viduals who are enrollees of health care plans, a one-page written
13 notice, in clear and understandable language, containing information on
14 the requirements and prohibitions under 42 U.S.C. §§ 300gg-131 and
15 300gg-132 and article six of the financial services law relating to
16 prohibitions on balance billing for emergency services and surprise
17 bills, and information on contacting appropriate state and federal agen-
18 cies if an individual believes a health care provider has violated any
19 requirement described in 42 U.S.C. §§ 300gg-131 and 300gg-132 or article
20 six of the financial services law.

21 § 9. Subsection (e) of section 4804 of the insurance law, as added by
22 chapter 705 of the laws of 1996, is amended to read as follows:

23 (e) (1) If an insured's health care provider leaves the insurer's
24 in-network benefits portion of its network of providers for a managed
25 care product for reasons other than those for which the provider would
26 not be eligible to receive a hearing pursuant to paragraph one of
27 subsection (b) of section forty-eight hundred three of this chapter, the
28 insurer shall provide written notice to the insured of the provider's
29 disaffiliation and permit the insured to continue an ongoing course of
30 treatment with the insured's current health care provider during a tran-
31 sitional period of [(i) up to]: (A) ninety days from the later of the
32 date of the notice to the insured of the provider's disaffiliation from
33 the insurer's network or the effective date of the provider's disaffil-
34 iation from the insurer's network; or [(ii)] (B) if the insured [has
35 entered the second trimester of pregnancy] is pregnant at the time of
36 the provider's disaffiliation, [for a transitional period that includes]
37 the [provision of] duration of the pregnancy and post-partum care
38 directly related to the delivery.

39 (2) [Notwithstanding the provisions of paragraph one of this
40 subsection, such care shall be authorized by the insurer during] During
41 the transitional period [only if] the health care provider [agrees (i)
42 to] shall: (A) continue to accept reimbursement from the insurer at the

45 as payment in full; [(ii) to] (B) adhere to the insurer's quality assur-
46 ance requirements and [to] provide to the insurer necessary medical
47 information related to such care; and [(iii) to] (C) otherwise adhere to
48 the insurer's policies and procedures including, but not limited to,
49 procedures regarding referrals and obtaining pre-authorization and a
50 treatment plan approved by the insurer.

51 § 10. Paragraph (e) of subdivision 6 of section 4403 of the public
52 health law, as added by chapter 705 of the laws of 1996, is amended to
53 read as follows:

54 (e) (1) If an enrollee's health care provider leaves the health main-
55 tenance organization's network of providers for reasons other than those
56 for which the provider would not be eligible to receive a hearing pursu-

1 ant to paragraph a of subdivision two of section forty-four hundred
2 six-d of this chapter, the health maintenance organization shall provide
3 written notice to the enrollee of the provider's disaffiliation and
4 permit the enrollee to continue an ongoing course of treatment with the
5 enrollee's current health care provider during a transitional period of:
6 (i) [up to] ninety days from the later of the date of the notice to the
7 enrollee of the provider's disaffiliation from the organization's
8 network or the effective date of the provider's disaffiliation from the
9 organization's network; or (ii) if the enrollee [has entered the second
10 trimester of pregnancy] is pregnant at the time of the provider's disaf-
11 filiation, [for a transitional period that includes] the [provision of]
12 duration of the pregnancy and post-partum care directly related to the
13 delivery.

17 provider [agrees] shall: (i) [to] continue to accept reimbursement from
18 the health maintenance organization at the rates applicable prior to the
19 start of the transitional period, and continue to accept the in-network
20 cost-sharing from the enrollee, if any, as payment in full; (ii) [to]
21 adhere to the organization's quality assurance requirements and to
22 provide to the organization necessary medical information related to
23 such care; and (iii) [to] otherwise adhere to the organization's poli-
24 cies and procedures, including but not limited to procedures regarding
25 referrals and obtaining pre-authorization and a treatment plan approved
26 by the organization.

31 (e) An insurer that issues a comprehensive policy that uses a network
32 of providers and is not a managed care health insurance contract, as
33 defined in subsection (c) of section four thousand eight hundred one of

37 amended to read as follows:

38 5. (a) Pursuant to appropriations within the offices of mental health
39 or addiction services and supports, the department of health shall rein-
40 vest [funds allocated for behavioral health services, which are general
41 fund savings directly related to] savings realized through the transi-
42 tion of populations covered by this section from the applicable Medicaid
43 fee-for-service system to a managed care model, including savings
44 [resulting from the reduction of inpatient and outpatient behavioral
45 health services provided under the Medicaid programs licensed or certi-
46 fied pursuant to article thirty-one or thirty-two of the mental hygiene
47 law, or programs that are licensed pursuant to both article thirty-one
48 of the mental hygiene law and article twenty-eight of the public health
49 law, or certified under both article thirty-two of the mental hygiene
50 law and article twenty-eight of the public health law] realized through

53 established premium targets for behavioral health services and the
54 medical loss ratio applicable to special needs managed care plans, for

2 health services, including residential services certified by the office
3 of [alcoholism and substance abuse] addiction services and supports.
4 The methodologies used to calculate the savings shall be developed by
5 the commissioner of health and the director of the budget in consulta-

12 resulting from such transition] value of the premiums recovered from
13 managed care providers which represent a reduction of spending on quali-
14 fying behavioral health services. Within any fiscal year where appropri-

16 care transition savings do not occur as estimated, [and general fund
17 savings do not result,] then spending for such reinvestment may be
18 reduced in the next year's annual budget itemization. [The commissioner
19 of health shall promulgate regulations, and prior to October first, two

30 include at a minimum: (i) a copy of the department's notification to
31 each managed care provider that seeks a recovery of such premiums; and
32 (ii) a list of managed care providers by name that have been subject to
33 a recovery of such premiums, specifying the amount of premium that has
34 been recovered from each managed care provider and year. In the initial
35 posting, the department shall include all premiums recovered to date as
36 required by this subdivision, by named managed care provider, amount and
37 year.

38 (c) The commissioner shall include [detailed descriptions of the meth-
39 odology used to calculate savings] information regarding the funds
40 available for reinvestment[, the results of applying such methodologies,
41 the details regarding implementation of such reinvestment], including
42 how savings are calculated and how the reinvestment was utilized pursu-
43 ant to this section[, and any regulations promulgated under this subdi-
44 vision,] in the annual report required under section forty-five-c of
45 part A of chapter fifty-six of the laws of two thousand thirteen.

46 § 2. This act shall take effect immediately.

1 subject to the approval of the director of the budget, to transfer to
2 the commissioner of health state funds to be utilized as the state share
3 for the purpose of increasing payments under the medicaid program to
4 managed care organizations licensed under article 44 of the public
5 health law or under article 43 of the insurance law. Such managed care
6 organizations shall utilize such funds for the purpose of reimbursing
7 providers licensed pursuant to article 28 of the public health law or
8 article ~~36~~, 31 or 32 of the mental hygiene law for ambulatory behavioral
9 health services, as determined by the commissioner of health, in consul-

11 addiction services and supports and the commissioner of the office of
12 mental health, provided to medicaid enrolled outpatients and for all
13 other behavioral health services except inpatient included in New York
14 state's Medicaid redesign waiver approved by the centers for medicare
15 and Medicaid services (CMS). Such reimbursement shall be in the form of
16 fees for such services which are equivalent to the payments established
17 for such services under the ambulatory patient group (APG) rate-setting
18 methodology as utilized by the department of health, the office of
19 [alcoholism and substance abuse] addiction services and supports, or the
20 office of mental health for rate-setting purposes or any such other fees
21 pursuant to the Medicaid state plan or otherwise approved by CMS in the
22 Medicaid redesign waiver; provided, however, that the increase to such

24 the aggregate and as determined by the commissioner of health, in
25 consultation with the commissioner of [alcoholism and substance abuse]
26 addiction services and supports and the commissioner of the office of
27 mental health, be greater than the increased funds made available pursu-

29 fees to providers available under this section shall be for all rate
30 periods on and after the effective date of section [1] 18 of part [P] E
31 of chapter 57 of the laws of [2017] 2019 through March 31, [2023] 2027
32 for patients in the city of New York, for all rate periods on and after
33 the effective date of section [1] 18 of part [P] E of chapter 57 of the
34 laws of [2017] 2019 through March 31, [2023] 2027 for patients outside
35 the city of New York, and for all rate periods on and after the effec-

38 commissioner of health, in consultation with the commissioner of [alco-
39 holism and substance abuse] addiction services and supports and the
40 commissioner of mental health, may require, as a condition of approval
41 of such ambulatory behavioral health fees, that aggregate managed care
42 expenditures to eligible providers meet the alternative payment method-
43 ology requirements as set forth in attachment I of the New York state
44 medicaid section one thousand one hundred fifteen medicaid redesign team
45 waiver as approved by the centers for medicare and medicaid services.
46 The commissioner of health shall, in consultation with the commissioner
47 of [alcoholism and substance abuse] addiction services and supports and
48 the commissioner of mental health, waive such conditions if a sufficient
49 number of providers, as determined by the commissioner, suffer a finan-

51 requirements, or if he or she shall determine that such alternative
52 payment methodologies significantly threaten individuals access to ambu-
53 latory behavioral health services. Such waiver may be applied on a
54 provider specific or industry wide basis. Further, such conditions may
55 be waived, as the commissioner determines necessary, to comply with
56 federal rules or regulations governing these payment methodologies.

1 Nothing in this section shall prohibit managed care organizations and
2 providers from negotiating different rates and methods of payment during
3 such periods described above, subject to the approval of the department
4 of health. The department of health shall consult with the office of
5 [alcoholism and substance abuse] addiction services and supports and the
6 office of mental health in determining whether such alternative rates
7 shall be approved. The commissioner of health may, in consultation with
8 the commissioner of [alcoholism and substance abuse] addiction services
9 and supports and the commissioner of the office of mental health,
10 promulgate regulations, including emergency regulations promulgated

18 licensed pursuant to article 28 of the public health law or article 36,
19 31 or 32 of the mental hygiene law, for ambulatory behavioral health
20 services provided to patients enrolled in the child health insurance
21 program pursuant to title 1-A of article 25 of the public health law,
22 shall be in the form of fees for such services which are equivalent to
23 the payments established for such services under the ambulatory patient
24 group (APG) rate-setting methodology or any such other fees established
25 pursuant to the Medicaid state plan. The commissioner of health shall
26 consult with the commissioner of [alcoholism and substance abuse]
27 addiction services and supports and the commissioner of the office of
28 mental health in determining such services and establishing such fees.
29 Such ambulatory behavioral health fees to providers available under this
30 section shall be for all rate periods on and after the effective date of
31 this chapter through March 31, [2023] 2027, provided, however, that
32 managed care organizations and providers may negotiate different rates
33 and methods of payment during such periods described above, subject to
34 the approval of the department of health. The department of health
35 shall consult with the office of [alcoholism and substance abuse]
36 addiction services and supports and the office of mental health in
37 determining whether such alternative rates shall be approved. The
38 report required under section 16-a of part C of chapter 60 of the laws
39 of 2014 shall also include the population of patients enrolled in the
40 child health insurance program pursuant to title 1-A of article 25 of
41 the public health law in its examination on the transition of behavioral
42 health services into managed care.

43 § 2. Section 1 of part H of chapter 111 of the laws of 2010 relating
44 to increasing Medicaid payments to providers through managed care organ-
45 izations and providing equivalent fees through an ambulatory patient
46 group methodology, as amended by section 19 of part E of chapter 57 of
47 the laws of 2019, is amended to read as follows:

48 Section 1. a. Notwithstanding any contrary provision of law, the
49 commissioners of mental health and [alcoholism and substance abuse]
50 addiction services and supports are authorized, subject to the approval

52 state funds to be utilized as the state share for the purpose of
53 increasing payments under the Medicaid program to managed care organiza-

55 cle 43 of the insurance law. Such managed care organizations shall
56 utilize such funds for the purpose of reimbursing providers licensed

1 pursuant to article 28 of the public health law, or pursuant to article
2 36, 31 or article 32 of the mental hygiene law for ambulatory behavioral
3 health services, as determined by the commissioner of health in consul-
4 tation with the commissioner of mental health and commissioner of [alco-
5 holism and substance abuse] addiction services and supports, provided to
6 medicaid enrolled outpatients and for all other behavioral health
7 services except inpatient included in New York state's Medicaid redesign
8 waiver approved by the centers for medicare and Medicaid services (CMS).
9 Such reimbursement shall be in the form of fees for such services which
10 are equivalent to the payments established for such services under the
11 ambulatory patient group (APG) rate-setting methodology as utilized by
12 the department of health or by the office of mental health or office of
13 [alcoholism and substance abuse] addiction services and supports for
14 rate-setting purposes or any such other fees pursuant to the Medicaid
15 state plan or otherwise approved by CMS in the Medicaid redesign waiver;
16 provided, however, that the increase to such fees that shall result from
17 the provisions of this section shall not, in the aggregate and as deter-
18 mined by the commissioner of health in consultation with the commission-
19 ers of mental health and [alcoholism and substance abuse] addiction
20 services and supports, be greater than the increased funds made avail-
21 able pursuant to this section. The increase of such behavioral health
22 fees to providers available under this section shall be for all rate
23 periods on and after the effective date of section [2] 19 of part [P] E
24 of chapter 57 of the laws of [2017] 2019 through March 31, [2023] 2027
25 for patients in the city of New York, for all rate periods on and after
