The Committees on Economic Development, Job Creation, Commerce and Industry and Small Business, through this hearing, will focus on State supported programs that leverage operating funds with other public and private funding sources to facilitate long-term business strategies and development. The Department of Economic Development and Empire State Development administer programs such as Technology Development Organizations, Manufacturing Extension Partnership, Centers of Excellence, Centers for Advanced Technology, Innovation Hot Spots/Certified Incubators, and others focused on stimulating business development and expansion across the State.

The hearing will review the statewide impact of such programs with respect to job creation and growth, attraction of new investment from public and private sources, the number of patents, the number of companies created and assisted, and other general economic impacts associated with the programs.
